Town Manager**

Re: Notice of Blasting Work on The Meadows Property

Please be advised that a construction crew will be blasting rock on The Meadows retail site property. This property is located adjacent to Green Spring Road in Abingdon. The blasting will take place in the coming days and weeks but should not disrupt any current services, transportation, or other activities relative to your business or your personal property. The Town of Abingdon Fire Chief and other town officials will be on site during the blasting and alerts will go out on social media and the town website as soon as we are advised of the blasting schedule.

Thank you.
