(3) Discussion: Certificate of Appropriateness application form.

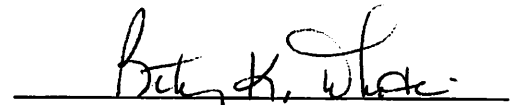

The Board reviewed the latest draft of the Certificate of Appropriateness application form and offered suggestions to add mention of the application fee and reference the zoning ordinance and guidelines on the form as well as additional changes in verbiage regarding photographs. Modifications will be made to the form.

(4) Discussion: Preservation Award.

Mrs. White presented a document outlining a meeting she held with Mrs. Duehring regarding an idea for a new Preservation Award. The idea is that this will be a positive way to address the community and award people for things that are done correctly, as well as be an educational component for preservation efforts. Individual board members and the public are invited to nominate properties and a committee outside Abingdon will be asked to judge. Discussion continued with topics centered on how many awards will be given annually and how far back the time limit should go. Also discussed was the design of the award, most agreeing that a bronze or brass plaque to be attached to the structure would be ideal. It was mentioned that the board will be allowed to give a discretionary award as well. Discussion ensued and the outlining document will be refined.

There being no further business, the meeting adjourned at 6:30 p.m
