**D. PETITIONS AND PUBLIC HEARINGS – None.**

**E. CONSIDERATION OF ANY BIDS - None.**

1. **Consideration of authorization to award the bid for the Virginia Creeper Trail Enhancement Project and authorization of Town Manager to enter into construction contract for the same.**

Mayor Morgan asked Kevin Worley, Director of Parks and Recreation to come before the Council to comment on the bids for the Virginia Creeper Trail Enhancement Project, Alvarado section. Mr. Worley reported that the bids for the project were opened on December 16<sup>th</sup> and that the bid submitted by Garland Construction was the lowest bid for the project. Mr. Worley indicated that the bid was submitted for approval to VDOT, prior to award, and during that process, Garland Construction notified the Town that they were withdrawing their bid due to unforeseen circumstances. Mr. Worley indicated that the next lowest bidder was submitted by DUCO Construction for \$236,208 and that bid had

been submitted to VDOT for review and approval. Mr. Worley reported that VDOT had determined that DUCO Construction had not met the Disadvantaged Business Enterprise (DBE) requirement and VDOT could not recommend them for final award until they had done so. He indicated that DUCO was working to meet the DBE requirement and in the interim, he had submitted all the bids to VDOT for approval. If none of the bids qualify per VDOT, the project would have to be re-bid.

Mrs. Lowe inquired if the funds for this project were available through the Creeper Trail Enhancement Project. Mr. Worley affirmed that the funds were available and that all the bids received had come in under estimate.

Mr. Kelly commented that this matter returned to Council for consideration due to the withdrawal of Garland Construction and the possible disqualification of DUCO Construction.

Dr. Moore inquired if DUCO Construction was a local company and Mr. Worley indicated he believed they were located in Bristol.

Mr. Kelly informed Council members that Garland Construction had paid a bid bond of \$7,500 and indicated that would be forfeited due to their withdrawal. Mr. Kelly further indicated that he would declare them a non-responsible bidder.

Mr. Berry inquired if declaring Garland Construction a non-responsible bidder would affect their ability to bid future projects and Mr. Kelly affirmed that it could.

**On motion of Mrs. Lowe, seconded by Dr. Moore, the Council authorized the Town Manager to accept the bid and enter into a contract with lowest, most responsible, and VDOT approved bidder for Virginia Creeper Trail Enhancement Project, Alvarado section.**

## F. REPORTS FROM THE TOWN MANAGER

**1. Consideration of contract for disposition of Town surplus items and authorization of Town Manager to enter into said contract.**

John Dew, Director of Public Services/Construction came before Council to comment on the disposition of Town surplus items. Mr. Dew explained that in past years the Town had held a public auction at Latture Field to dispose of property declared surplus. In a cost savings measure, Mr. Dew commented that he had researched two (2) online surplus auction sites and recommended that the Town consider this as a way to dispose of the current surplus items. Mr. Dew indicated that he felt Public Surplus, LLC would be the best provider and asked Council to consider authorizing him to contract with Public Surplus, LLC to dispose of the Town's surplus items.

Mr. Berry inquired if contracting with an online service was a cost savings measure. Mr. Dew affirmed that it was a cost savings to the Town in that the company handled the billing and all of the auction aspects of the service.

**On motion of Mr. Berry, seconded by Dr. Moore, the Council approved the company of Public Surplus, LLC to dispose of the Town's surplus items and further authorized the Town Manager to enter into said contract for online auction services.**

**The roll call vote was as follows:**

<b>Mr. Berry</b>	<b>Aye</b>
<b>Mrs. Lowe</b>	<b>Aye</b>

**2. Update of the Town's Capital Improvement Plan and scheduling of Council work session date to review the CIP.**

Mr. Kelly commented that the Council had held a work session retreat back in the summer to identify capital projects to include in a limited, Capital Improvements Plan. The plan had been assembled by Town staff, presented to Council and then recommended to the Planning Commission for review and comment. The Planning Commission held a public hearing to review the plan and had referred it to the Council with a unanimous recommendation for approval. Mr. Kelly recommended that the Council consider setting a date for work session to review the Plan and determine funding sources before it goes to Public Hearing at the Council level. Mr. Kelly indicated that Council members had discussed this date in their prior work session meeting and it was determined that they would hold a work session on March 2, 2010 at 5:30 p.m. to review the CIP plan. Mr. Kelly commented that if the plan moves forward after Council's March 2, 2010 work

session, a public hearing will be held in the future at the Council level for public review and comment.

Mrs. Lowe inquired if there was a copy of the plan available for public inspection. Mr. Kelly affirmed that the plan was available for review in the office of the Town Manager.

Mr. Morgan inquired if the Plan could be posted to the Town's website and Mr. Kelly indicated that he would speak with the IT staff about this.

*No action was required by Council on this matter.*

### **3. Consideration of funding purchase of police/fire digital radio system.**

Tony Sullivan, Chief of Police and Ptl. CJ McGlothlin appeared before Council to report on the need to purchase a police/fire digital radio system for the Town. Chief Sullivan reported that Phase 1 of the project would cover the purchase of the necessary equipment for the Police Department, the Fire Department, Dispatch, and the Creeper Trail. Chief Sullivan explained that they would like to be able to purchase Phase 1 during the current budget cycle and indicated that Phase 2 would actually put the radio system in the cars and could be budgeted in the next budget cycle.

Mr. Kelly indicated that he and Town staff had been working with the current budget numbers and it appeared that there would be additional funds available from the amount appropriated for the chiller at the Coomes Center. Mr. Kelly reported that the chiller came in approximately \$100,000 under budget and those funds combined with funding that might be available from the Creeper Trail Enhancement Project, which also came in under budget, would be enough to fund Phase 1. Mr. Kelly further indicated that in light of the fact that call boxes for the Creeper Trail were proposed in this plan, Mr. Worley had a meeting scheduled with VDOT on February 2<sup>nd</sup> and would be asking their consideration of the possibility of using a portion of the Creeper Trail Enhancement funds to help fund Phase 1 of this project. Lastly Mr. Kelly reported that Dr. Moore had suggested he speak with the EMS Council to see if they might be able to assist with funding.

Mrs. Lowe commented that she witnessed the difficulties of the Town employees to communicate during the weather event of December 9<sup>th</sup> and the radio system would be a welcome tool to provide communication during an emergency.

Mr. Berry inquired if any Homeland Security funding might be available and if anyone had researched that as a potential funding source.

**On motion of Mrs. Lowe, seconded by Mr. Berry, the Council authorized the Town Manager to use the excess funds from the purchase of the chiller for the Coomes Center in the amount of \$100,000 and further to begin the process of applying with**

**Virginia Department of Transportation for the use of funds from the Creeper Trail Enhancement Project to cover any additional costs associated with Phase 1.**

Mr. Kelly pointed out that this was authorization by the Council to apply for funding. If the funds are secured, the project would have to go out for bid and come back before Council for approval.

<b>Mr. Berry</b>	<b>Aye</b>
<b>Mrs. Lowe</b>	<b>Aye</b>
<b>Mrs. Humphreys</b>	<b>Aye</b>
<b>Dr. Moore</b>	<b>Aye</b>
