D. AGENDA ITEMS:

APPLICATION FOR VARIANCE

Case No. 18-002 - Application for Variance – Hg. Washington LLC., owners. This application is for the purpose of requesting a currently unpermitted use for this parcel located in the B-2 District for a variance for property located on Wyndale Road known as “Tract 5 Inc. Miller and Bradley” consisting of 2 acres±, currently zoned B-2 General Business; Tax Map No. 104-A-34 (Tract 5)

Staff recommends to deny the appeal due to the use not being allowed by right or by special use in the B2 District as well as being in the Historic entrance corridor overlay district.

Mr. Ken Johnson was the representative for Hg. Washington LLC., owners. Mr. Johnson has several question relating to the B-2 zoning of the property on Wyndale road. His client is wishing to put in rental storage units. These units would be similar to those located across from the Virginia Highlands Airport location on Lee Highway. Mr. Macbeth spoke to the fact that the parcel is currently zoned as B-2. Mr. Ramsey noted that according to the Zoning Ordinances, a parcel zoned as B-2 can only have a storage units if it for the use of a business and the size is limited to only 500 square feet. A business needing such a unit would have to apply for a Special Use Permit, which would have to be approved by the Planning Commission. Mr. White stated that the Board cannot grant use to place storage units on the property if it is not already being used for the same type business. Ms. Howard stated that the Planning Commission would have to approve a change in the zoning and then send that motion before the Town Council to vote on the zoning change. The law states that you cannot grant variance in a B-2 zoned property for an unpermitted use. Mr. Johnson can go before the Planning Commission to apply to have the zoning changed.

On motion by Mr. Kelly, seconded by Ms.Howard, the Board DENIED the variance from the Town of Abingdon, VA Zoning Ordinance, 11.1.16
